

# Stafford

## PART NUMBER 7L006P11, ONE-PIECE SPLIT CLAMP-TYPE SHAFT COLLARS

- Smooth bore protects shafts from damage
- Superior holding power over set-screw type collars
- Offered in High Strength, Low Profile and Heavy Duty styles
- Stocked in a variety of materials

1-Piece Clamp-Type Shaft Collars are for use on standard round shafts, hard or soft, as well as on thin wall tube or over a split hub. Precision machined, non-marring, easy to adjust, with high clamping power, they are stocked in the following materials:

- Steel
- Stainless Steel
- Aluminum
- Nylon
- Delrin

Offered in three styles:

- High Strength: Clamp screw does not protrude beyond the outside diameter (OD)
- Low Profile: Clamp screw protrudes beyond the OD
- Heavy Duty: Uses larger clamp screw and has larger OD for 2X holding power

Standard Series offers economy-priced versions of low-profile styles (31LXXX and 31SXXX parts).

Specifications	
Part Number	7L006P11
Series	Signature
Material	Steel-Chrome Plated
Alloy	12L14
Finish	Chrome
Type	Low Profile
Approximate Weight	0.05 lb
Country of Origin	USA
UPC Code	662786023736

<b>RoHS2 Compliant</b>	Yes
------------------------	-----

<b>REACH Compliant</b>	Yes
------------------------	-----

<b>Dimensional Attributes</b>	
-------------------------------	--

<b>Bore Size</b>	3/8 in
------------------	--------

<b>Outside Diameter</b>	0.875 in
-------------------------	----------

<b>Width</b>	0.375 in
--------------	----------

<b>Recessed Screw</b>	No
-----------------------	----

<b>Screw Size</b>	6-32 x 3/8
-------------------	------------

<b>Screw Material</b>	18-8 Stainless Steel
-----------------------	----------------------
